DR. STRAP ORDER ADDENDUM

All of Dr. Strap Furniture is wrapped in heavy duty Kraft paper to protect it from damage during shipment.

Our standard delivery is to stack the furniture inside the pool or patio area. We do not un-wrap the paper from the furniture; nor do we set up the new furniture.

We will unwrap and set up the furniture and remove older units at your request if we are notified in advance. We charge for this service.

I will remove the wrapping paper on the furniture being delivered.
